

MOHAMED DIOP

SUMMARY

Hello there. My name is Mohamed and I consider myself a life long learner. I've started programming 8 years ago. I love technology and have a background in business that's why I never hesitate to get my feet wet with the latest stuff. This makes me polyvalent and adaptable. I highly enjoy work that goes beyond the common and pride my self with courtesy and intellectual curiosity above all.

EXPERIENCE

Software Engineer

American Marketing Association, Southern California Chapter | Los Angeles, CA | March 2022 - Current
